Price increase

Wavebreakers Learn to Swim programme prides ourselves on providing the best quality service possible for our clients. While this takes time and effort, we never want to compromise our high standard of swimming tuition. To keep us in line with industry standards and the increases to our running costs including minimum wage, our prices will increase effective of 25 June 2018. We will still be one of the cheapest swim schools in the region. This small increase will help us continue our commitment to provide high quality service including first class swim teachers and professional developed programme. We care about our customers, so if you have any additional questions or comments please email us at wavebreakers@h2oxtream.com

New prices are as follows:

Closure

H²O Xstream is closed for 8 weeks from Monday 23 July – Sunday 16 September 2018 to allow for scheduled maintenance. A lot of the work is behind the scenes and won't be noticeable to the public when we re-open. The change rooms are getting a spruce up – we are aiming to modernize them as much as possible. The whole facility will be modernized with a new look and feel, which includes updated signage.

We have secured a great deal with Hutt City Council for our H²O customers. You can purchase an 8 week concession for \$100 which will give you access to Stokes Valley, Huia and Naenae pools as well as pool group fitness classes. Forms are available at reception if you are interested in this offer.

We are currently finalising some events for the last weekend before we close, as well as events for the first week we reopen.
